How Do You Spend Your Time?

“So teach us to number our days, that we may apply our hearts unto wisdom.” (Psalm 90:12)

The average life expectancy is 79 years and we spend:

- 26 years sleeping
- 10.4 years on TV and entertainment
- 10.3 years working
- 9.5 years fixing hair, deciding what to wear, and shopping
- 4.3 years driving
- 3.7 years eating
- 2 years on commercials
- 1.5 years in the restroom
- That still leaves approximately 11.3 years of discretionary time

Now consider our priorities:

- To read the **Whole Bible** in a year would take 12-15 minutes a day.
- To read the **Old Testament** in a year would take 9-10 minutes a day.
- To read the **New Testament** in a year would take only 3-5 minutes a day
